Friday the 13th

There is an event this year, on Friday, June 13th.

Add this to your calendar, summer events are huge and we need a lot of hands to make the day work.

Upcoming Degrees

March: we're planning on a Second Degree. Please presume that if you did work at our last Second Degree, you will be asked to do that work again. Peter Butler will be in touch with you.

April: is Step-Up night and the plan is a Third Degree. Please offer Greg Pow your full support. More info to follow.
